Save money on your next building project.

A cost-effective solution that will reduce your building costs.

Dear Mr. Henderson,

Next time you undertake a building project, wouldn't you like to reduce unnecessary costs?

At Baggaley Commercial Services, we can help. With over 20 years experience in quantity surveying we bring a wealth of experience to every project - from one off works to short and mid term contracts.

So how can we reduce your costs?

Most QS firms operate on a percentage of project value basis. We don't. Instead, we adapt our services to cater for the "Ad Hoc" works of a bespoke or one off project, or of typically smaller work remits.

We can be as flexible as necessary, to provide Quantity Surveying service cover either on site, in your office, or from our own base, on a flexible part time basis.

Yours sincerely,

Stephen Baggaley.
